

September 22, 2021

Dear Sir or Madam:

Please find this letter in support of Jennifer Lee for her application for scholarship application. Jennifer was a student for Management Science 405-Quantitative Decision Making at Athabasca University for which I am an Academic Expert.

This course focuses on the application of a scientific approach to the decision-making process and provides current and future managers with numerous quantitative techniques that they can use to make sound decisions.

It is an interdisciplinary field comprising elements of mathematics, economics, computer science, and engineering. Its specific content utilizes manual calculations, decision-making and its applications has expanded enormously with the use of computer technologies.

In this course Jennifer submitted very high quality of work and earned an A+.

Based on her academic performance I am confident in supporting Jennifer in her application.

Sincerely,

Steve Dhillon PEng MBA  
Academic Expert, Athabasca University
